THIS ISSUE IS SINCERELY

DEDICATED TO . . .

SOON after his arrival on the Haverford campus, Dr. Martin Foss impressed his unique personality on the students who were lucky enough or foresighted enough to take one of his courses. In his own inimitable manner, Dr. Foss graphically developed the neophytes into thinking students. By driving home his points with the emotional style so characteristic of him and him alone, Dr. Foss instilled a love of his subject into all of us who studied under him.

No other professor in recent memory has so often been imitated in campus skits with such friendly satire. Dr. Foss' own brand of "Phil-Foss-ophy" has, of necessity, been responsible for such well-known phrases as "Yes, my dear, but you see, . . ." and "the stream of life, the flux". Standing fast to his views on any particular subject, Dr. Foss will fall back on his two favorite philosophers, Kant and Aristotle, to back him up.

A man with such deep scholarly convictions and great love for his chosen profession could not help but make a profound impression on the students of Haverford, and it is with the deepest gratitude and respect that we dedicate the 1948 RECORD to Martin Foss, teacher, scholar, and friend.

Dr. Martin Foss

H A V E R F O R D C O L L E G E

THE FACULTY

CLASS night saw Rhinie Gilbert White called to the stage in full view of the assembled students, dates, and friends, to give a full explanation of himself, while a redhot vocal trio gave out with sweet notes. It is rumored that this group, consisting of "Flaming Larry" Wylie, "Hot-shot Johnnie" Flight, and that rambling troubador of the Texas wastelands, "Cactus Clete" Oakley, has been approached to make records for a major company.

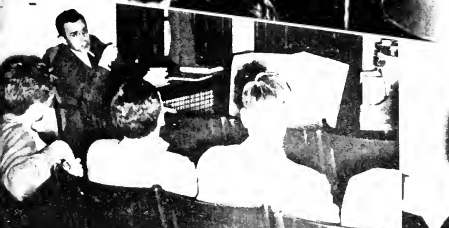

"Mac" was indeed a busy man all year, jumping from berating the Council to greeting the new Rhinies, from the hot-spot at the "Ten O'clock" club to the social swim, playing the good fellow with Messrs. Cadbury and Lester, and then trying out a new line on Mrs. Lester.

The self-same reception for the Rhinies gave Prof. Sutton a chance to round up a new list of victims for his Physics 2 course, while Prof. Dunn and others cornered some other innocent lad. The Ten O'clock club gave the angry hordes of students a chance to badger various members of the faculty while they were caught unawares.

Several returnees were noted in the fall, among them T. O. Jones, who delighted the various Chemistry students with his Jimmy Savo-type humor, and Harry Pfund, back from a year of service with the Friends Committee in Europe.

In a rare and heretofore unpublished photograph, the football coaches were recorded for posterity. The mentors were caught at the gala Varsity Club Formal, celebrating the victory over Swarthmore. "But Roy and Bill look so strange dressed so fancy."

The Observatory

STUDENTS' COUNCIL

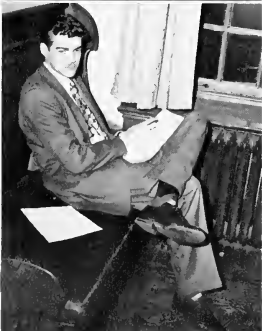

For the first time since the war, Haverford has been able to revert to the year-tenure plan in connection with the membership of the Students' Council. It had been found that a higher degree of efficiency could be developed under such conditions. At the outset of the year it was determined that the student body should be brought face to face with the fact that only by a concerted effort on the part of every student to live up to his responsibilities, implied and otherwise, under the Honor System, could the present Constitution serve as an adequate framework under which the expanded campus population could function as an effective group.

Meanwhile, the Council set out to revise the Constitution and to re-interpret the Honor System with a view to provide a more workable system of Student Government, with a more consistent philosophy behind the Honor System. The emphasis on individual responsibility for enforcement of student rules was felt to conflict with the demand that students report each other for violations.

A serious threat to the Honor System illustrates one of the problems. Library reserve books were found missing last spring, and a search of the dormitories by the Council yielded some of these volumes. It became apparent that not only were students somewhat vague as to the intent of the Honor System, but many wondered about the extent of it. The problem of defining the Honor System involved the question, "What regulations will be enforced by whom?"

A Constitutional Revision Committee was established to study the problem, and other inconsistencies came to light. There were demands from many students that the Council be more representative, since Barclay, French House, and Lloyd seemed to have a monopoly on membership.

Furthermore, the over-all picture of the Constitution and student regulations was found to be a poorly organized conglomeration of miscellaneous paragraphs. What had started as a few amendments ended as an almost completely rewritten document, with few changes in the structure of the government of the Students' Asso-

Top to Bottom: President Larry Canan; Treasurer Steve Miller; Secretary Bill Chapman.

ciation, but an attempt to meet the change in philosophy of Student Government, and to boil these ideas down to a more concise form.

The Councils of Swarthmore and Haverford found it desirable to hold a joint meeting concerning the activities preceding the football game. These doings have occasionally caused unreasonable damage to property and limb in the past, and it was the purpose of the meeting to bring such activity within reasonable bounds without curbing the healthy attitude of both student bodies. Thanks to the fine spirit of co-operation of the groups, the Councils' efforts were successful.

The War Memorial Scholarship was awarded by the Council to Walter Robertson for the first semester. At the time of writing, the award for the second semester is about to be made. This Scholarship is worth two hundred dollars a semester, and is provided by the student body. The Council has felt that it does not occupy the position of respect in student life which it deserves. This year, the rent from Saks Fifth Avenue for use of the Council room for their display has been applied to this scholarship. This, in addition to the proceeds from occasional dances, has been the sole source of income of the scholarship and, as such, has not been entirely satisfactory. Thus, to put the scholarship on a sound financial basis and to increase its significance in student opinion, the Council is now attempting to convert it to a yearly scholarship worth four hundred dollars and to set up a permanent finance committee whose responsibility it will be to raise funds systematically.

Tom Fleming, Bill Lee, George Ruff and Butch Case relax between issues.

Council Members.
Dave Buttrick, George Colman, Horatio Wood, Scotty Kim-
mich, with John Hauser in the rear, engrossed in the topic
of the evening.

Haverford is now a member of the National Students' Association. The decision to join was taken by the Council in October. Functioning directly under the Pennsylvania Region, Haverford has been assigned the task of setting up a Student Government Clinic. The purpose of this group will be to investigate the degree of self-government existing at other colleges in the region and to assemble data regarding the techniques of self-government. It will then map out a program whereby the degree of government can be increased in colleges where it is low and, by mutual exchange of information, the techniques can be improved.

The first NSA Assembly for Pennsylvania was held at Penn State College in December, at which Haverford's delegates exchanged ideas with students from forty other colleges concerning student governments, rights of students, discrimination, student housing, health, and recreation. Haverford's assumption of the Student Government Clinic for the eastern part of the state was lauded. The significance of Haverford's participation in an association of students from other colleges in the state and nation will increase in the future. Moreover, NSA is affiliated with the International Union of students. Not only will our Students' Association benefit from the ideas and assistance to be derived through co-operation with other colleges, but Haverford can also contribute some of its own spirit to student life in the state, the nation, and the world.

THE 1948 RECORD STAFF

On many a Friday afternoon through the Spring of 1947 an intrepid band of six oddly assorted characters could be seen wending their ways to the apartment on Railroad Avenue that housed the RECORD'S able advisor, John A. Lester. On closer examination, the group could be broken down into: one H. D. Wood, who had been a little bit dazed by his ascendancy to the Editorship of the book—he still clutched his camera for comfort; scholarly James Buckley could be seen asking the eternal question, "How am I ever going to get those Seniors to do their write-ups?"; Charles Geoffroy was seen hatching publicity stunts to try to sell this book, and apparently they were successful; Dick Johnson, the Bohemian of the group, came to the gathering with pockets full of sketches, madly chuckling at some work of art; Ben Collins showed up with his huckster's pitch sadly warped by the influence of unreceptive advertisers; staggering along with fumes from the Chemistry lab surrounding him, Nick Hazelwood was heard voicing his plaintive cry, "I'm not a literary man, I'm not even literate—I'm a pre-med." This happy group held their strategy meetings with much hope and great planning. Had it not been for the wonderful tea provided by Mrs. Lester, our little band would long ago have given up the ghost and quietly left this happy scene.

With the planning sessions out of the way, the decision to force the various campus activities to provide their own articles was set into motion.

The wordage was assigned to each organization, and they had to decide what was important and what was not. Peter Stettenheim and Editor Wood were seen blazing away at anything pictorial, while Ben Collins assembled a group to saturate the surrounding area with their pitches to persuade reluctant businessmen that they should contribute an ad. A huge group of the picked writers on campus covered all the events. This group, one of the most able any Editor could hope for, included "Bud" Walker, Karl Man-willer, Jim Dietz, Edward Snader, Joe Sener, and the various men from each of the campus activities. Much is owed to Dave Buttrick, who penned the original sketch for the little man who accompanies the reader through the book. These are the men who made this book what it is now.

Under the leadership of Editor John Hauser, the NEWS spent a calm and fairly uneventful Fall term. One was the youthful radicalism which had infested the editorial page, the president Spring and that had so annoyed some readers; and in its place was a more dispassionate consideration of campus affairs. But always there was an emphasis on the wild problems which were not looked to be of concern to the students. The NEWS put down its flaming torch and attempted to take up the arbiter's gavel and there was a greater attempt to cover campus affairs in a readable and entertaining fashion. Contributors to the NEWS during the term were many and sometimes represented different points of view.

The big news stories of the Fall were Haverford's eagerly awaited football victory over a strong Swarthmore team; the awarding of the Nobel Peace Prize to the American Friends' Service Committee and the Friends' Service Council; and the appearance of Duke Ellington at the Varsity Club Dance. The NEWS gave these events adequate coverage augmented by some excellent photographs.

'will be a huge bonfire and rally behind Walton Field. On Saturday the student body will travel to Swarthmore to see Roy Randall's men avenge the 13-12 defeat suffered at the hands of the Garnet last year.

Think!

Then on Saturday evening, from 9:00 till 7, Duke Ellington and his orchestra will present a fine collection of dance music. He, being less than two months away, students are reminded to begin thinking about dates for this weekend of fun and frolic.

Debaters Plan Fall Schedule

The W. Mason Wright Chapter Debating Society announced its schedule at Charles S. Sangster and students and Walter L. S. I. as the co-sponsor at a recent meeting. They received George E. B. B. and J. B. R. W. W. S. respectively.

The society will hold a general organizational meeting this week. At that time all members will be enrolled and plans for the current year will be formulated.

The society plans a substantial increase in its activities. Nearly 50 colleges and universities from Massachusetts to Vir-

gents of German and Government, respectively. Professor T. O. Jones left Haverford two years ago on a leave of absence to do war work. Just before he was expected to return, he came ill and was forced to stay for many more months. Now he has returned to his job in the chemistry department.

Newly appointed Faculty members in the English department are Franklin Gary, visiting professor of English, John Ashmead, Jr., instructor, Professor Gay, who replaced Ralph Sargent, now on sabbatical leave, is a graduate of Princeton and Oxford.

Weimar Executive Arrive
He was an associate professor at Princeton before entering armed forces. Since his discharge he has held a Guggenheim Fellowship. John A. Mead, Jr., succeeds Richard Warren.

(Continued on Page 4)

All Records Broken By Enrollment Here

For the third consecutive semester Haverford College has broken its enrollment record. This semester the total number of students is expected to reach 552. Of this number are freshmen or transfer students. The overcrowding has experienced this term is expected to ease next semester.

CAP AND BELLS

Leaping from Comedy to Fantasy to Tragedy, Cap and Bells, with assists from the Bryn Mawr Varsity Players, managed to finish another successful year.

In keeping with the spring mood, Cap and Bells began its season with **The Male Animal**, by James Thurber and Elliot Nugent. It was a competent production in every respect. Especially were the principal male animals, Jim Adams and Hank Levinson, worthy of note.

In the fall Cap and Bells and the Bryn Mawr Varsity Players began their joint dramatic efforts with William Saroyan's **The Time of Your Life**. This appears to have been the first effort at fantasy for time out of mind, and though it was not an altogether welcome change from the audience's standpoint, for the actors it was a rewarding attempt to capture in voice, music, and timing, the elusive spirit of fantasy.

This spirit was perhaps best captured by John Hauser's free piano improvisations, though the performances of Ned Coale as Joe, Crede Calhoun as Nick, Ted Eastman as Tom, and Henry Levinson as Blick helped to breathe life into the play.

Undaunted by the mixed reception of William Saroyan's difficult play, Cap and Bells attacked

William Shakespeare's 'unproduceable' **King Lear**.

The flood of hyperbole that inevitably greets college dramatic productions, good or bad, makes it difficult for reviewers to point out that singularly excellent production that occurs only once in many years. However, if any recent Haverford production deserves the adjective "excellent", that production is **King Lear**.

Although the play had weaknesses, particularly in the minor roles, Cap and Bells had dared a

... great deal, and has received a great return on his investment in every department of the theater. On the strength of their performance, Ted Shalpeare and Brook Cooper as Lear and Kent respectively could certainly step into any professional cast. Hank Levinson and Bill Bishop demonstrated a sensitive perception of character. Bryn Mawr's Ellen Harriman was also magnificent.

The stage management in this production was undertaken by Alan Levensohn, a newcomer to the stage, with effective results, and the unusually difficult lighting plot was managed by Doug Richie with his usual painstaking perfection.

There is a moment of beautiful brevity in amateur production when only the director seems to know where it will all end. Every aspect of the production—acting, costuming, set design, programming, lighting, make-up, and properties—falls under his ultimate control, and the actor must often go on faith. It is the director who ties it all together so as to delineate the playwright's meaning. With these facts in mind, we can easily reach the conclusion that Frederick Thon is Cap and Bell's most valuable asset. **The Male Animal**, **The Time of Your Life**, and **King Lear** all testify to his perception, his remarkable patience, and his careful attention to detail.

Radio Haverford, better known as WHRC, progressed considerably this year. The regular programs and special events were of a quality seldom attained before. WHRC not only presented its vast array of "Disc Jockey's" with new platters and patter, but the station also provided many new "live" shows. "Variety Fare" was one of these programs. With the able help of several Bryn Mawr girls, the show managed to reach into the depths of Joe Miller and come up with many riotous half hours. Johnny Hauser served as a musical accompaniment for many of the programs. "WBMC Presents", directed by Tom Edmonds, featured members of the Bryn Mawr Radio Club, and presented several interesting drama and music programs. Of course, like the proverbial penny, this time a good one, John Stone and Brooks Cooper continued their "Dramatic Interludes" with backgrounds of classical music. Ken Moser's "Studies in Black and White" provided both comedy and suspense for the listeners.

This year the "Voice of Haverford" was directed by Tom Montgomery and George Gothberg, while the finances were watched over by Bill "Aldo, Jr." Swartley. Rog Morell, Ted Jamison, Dick Schlegel, Ken Blum and others held down the other necessary administrative jobs. The production and engineering staffs were led by Andy

Knowlton, Bill Bell, Bob Harper, Ray Bentley, Gordie Baldwin, and Dave Blum. A radio station owes twice as much to its staff, however, as it does to its officers, no matter how able. The excellent job done by the engineers, announcers, actors, script writers, and those who did their own programs was very evident all year. It is to these men that WHRC is indebted for its recent reputation of adhering to a program schedule.

Through the year WHRC presented several special broadcasts. Two of these were done for the "Students' Radio Workshop" over station WIBG in Philadelphia. Almost everyone on the staff took part in one or another of these broadcasts. Several remote broadcasts of important events on the campus were presented to the college. Who will ever forget Ken Blum's graphic description of the "haircut" given, free of charge, to that unhappy Swarthmore man? The Glee Club, the Pascal String Quartet, several "World Unity" rallies, and other noteworthy events were broadcast from Roberts Hall. The station stayed on the air at nights during the Swarthmore Weekend to provide music and news of any invasions, causing Andy Knowlton and Nick Hazelwood to lose two nights of sleep. A "Mr. Mush" contest gave away \$50 worth of prizes, while other audience-participation shows gave away everything from records to cigarettes.

Librarian
Accompanist

James H. Thorpe
Walter Robertson
Fred Musser

Under the direction of Mr. William Reese, the Glee Club has enjoyed an active and successful year. Beginning the season with a large number of last year's members, the ranks were almost doubled by members of the Freshman class. For the first time in many years, a well-balanced chorus was possible; one significant improvement was the relative increase in size of the first tenor section. Still more important was the contribution of Mr. William Reese, director. It is not often that a small college glee club is favored with such an excellent director as Haverford has had this year. Mr. Reese was the Victor Baier Fellow for the year 1934-35. He came to Haverford in January of 1947 and since that time has shown himself to be extremely capable.

The season began auspiciously on November 8th at Westtown School, where an enthusiastically received concert was presented. The round of concerts in the week before the Christmas recess consisted of the annual Christmas program with the Bryn Mawr Chorus, a Christmas Collection concert, and a Christmas Carol Service at the Art Alliance in Philadelphia. At the time of writing, plans have been made for concerts at Harcum Junior College; New York City; Dennis Hotel, Atlantic City; Bennett Junior College, Millbrook, N. Y.; the Carl Schurz Foundation, Philadelphia; and the annual Spring Concert, in Roberts Hall. 1947-48 season will be climaxed by a performance of Randall Thompson's new work, **Testament of Freedom**, at the Art Alliance.

The 1947 football season was heralded by a new organization on campus, the Haverford College band. Actually, the germ of the idea for a band took shape in the Spring of 1947 when Bill Peifer and Bob Smith began recruiting instrumentalists. Subsequently, Peifer and Smith were elected President and Treasurer respectively.

Under the sponsorship of Cap and Bells, the band began to rehearse the second week of the fall term, under the direction of Herbert Cheyette. Not ready to play at the first game with Susquehanna, the band made its debut at the

Ursinus' game, twenty strong. Because he had other obligations, Cheyette was forced to resign, and he was replaced by Richard Schuman. Schuman built the band into a fine group of twenty-eight enthusiastic members, who won the acclaim of the students, the faculty, and the alumni.

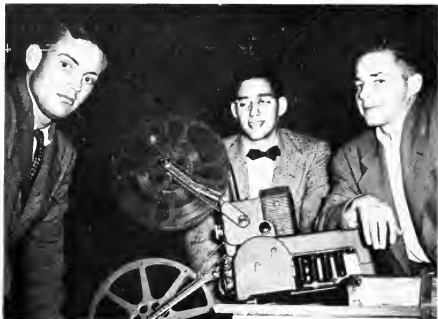

The group was not without uniforms, either. Using the cross-country squad's jackets, the members furnished their own white trousers, and the white campus hats completed the band uniforms.

At this writing, plans for the remainder of the year are indefinite. However, as a permanently established group, the members hope to offer a bigger and better band next year.

Below is Haverford's band, which serenaded us so capably at athletic events during the year. Leader Dick Schuman (without uniform) is seen in the center back row.

CLUBS

As in any college there are always a large group of assorted activities ranging from purely social groups through clubs organized for the further pursuit of knowledge in some field of study, to groups that have a particular message to bring to the students. It is unfortunate that limitations of space prevent allotting a separate page to each and every such club. The Editors of the **Record** were forced to make arbitrary selections of space, and they sincerely hope that no one group feels slighted. It may be that some club will find itself omitted from this article; if so, it is an error of omission, not of commission. In many cases the individual clubs were kind enough to supply the Editors with the needed information, while others neglected to do so.

The Chemistry Club has been a long-established group on the Haverford campus. The club has made a policy

of providing outside lecturers to bring the members topics of general and special interest to Chemistry majors. As the club is composed of those men who are majoring in Chemistry, the discussions tend to be highly technical, all aimed at furthering the individual's knowledge of his chosen field. Because of the large number of Pre-Medical Chemistry majors, the club usually plans one or more meetings with topics of special interest to these men. For all the programs the lecturers are picked from prominent educators and industrialists.

One of the newer clubs on campus is the Film Club whose express purpose is to bring some of the great classics of American and foreign films. Not only has the usual fare of Hitchcock thrillers been shown, but the group has taken flyers into the field of surrealist movies, with astonishing response from the students. The club

has planned a system of season tickets at greatly reduced rates to facilitate the supplying of ready cash for film rentals.

A trio of language clubs have become large groups on the campus in recent years. This ascendancy is not due to the undying love for the language, but rather to the co-operative programs with neighboring women's institutions. The Spanish Club has been especially active in this field, having held joint meetings, dances and such soirees with Bryn Mawr and Harcum at regular intervals. The German Club has been active in their share of parties over the year, but they have also provided highly entertaining plays. The very excellent Christmas party held by the Haverford and Bryn Mawr

clubs was highlighted by the traditional German Club play.

The French Club has held their share of social evenings as well, and they, too, provided their efforts toward better understanding of the language and drama, as well as a better acquaintance with the Bryn Mawr and Harcum girls.

The Field Club, under the leadership of James Thorpe, has as its purpose the promotion of interest in the study of Biology through participation of the club members in informal activities of an instructive nature. With the assistance of the Biology Department, this end has been attained by several means: field trips, films, talks and displays.

CHESS CLUB — Seated:

son; Melcher.

C. S. A.—Seated: Sangree; Daudon; Sellers. Standing: Barrows; Chapman; Collins.

CLUBS

Among the activities a trip was taken to the migratory bird refuge on Hawk Mountain, a formidable monadnock above Reading, Pa. Taking advantage of audio-visual aids, the club sponsored a series of films on such subjects as antarctic animals, microbe biology, and undersea life. In conjunction with Swarthmore and Bryn Mawr groups, Field Club members have been able to attend talks by outstanding scientists at those colleges. This year the Haverford Biology department also exhibited its numerous scientific collections of plants, animals, and minerals.

The new school year saw the William Wistar Comfort Debating Society taking up where it left off the previous Spring under George Ruff and John Wilcox. The new

executives—President Charles S. Sangree and Manager Walter I. Seligsohn—dispatched challenges to some fifty colleges in the east, and plans were laid for a strenuous debating schedule.

During the fall term the society engaged Princeton, Temple, Columbia, Trinity, Amherst and Duquesne. In addition, two debates each week were carried on with St. Joseph's to season the new members. Two Jayvee teams also participated in the special Temple Tournament for first year debaters.

February was an especially busy month for the debaters. Among the opponents were Drew, Seton Hall, Lehigh, Bucknell, and Hamilton, and soon after, Swarthmore, Ursinus and Colgate were engaged. In as much as most

DEBATING—Seated: Blum; Parke; Ruff; Sangree; Seligsohn; Wilcox; Trumper; Acton. Standing: Hickman; Thorpe; Steere; Disbrow; Freeman; Singer; Prockop.

of the colleges were farred in various and forms based the number of intercollegiate debates in which Haverford participated is larger than might be supposed.

Invitations to several national tournaments were received but finances limited Haverford's access to the Grand National Debating Tournament held annually at the University of Virginia. Haverford entered contestants in several of the various fields of debate activity, but concentrated chiefly on the keen, spirited debating tournament.

Increased interest in debating brought to some twenty-five the number of active members. Of these, ten were beginners, coming equally from the Freshman and the upper classes. The heavy schedule and the numerous debates held for the Jayvees, forged the group into a

band of searching truth by the end of the year.

As has been the custom in previous years, National Issues Should a Federal Work Conservation Bill be Enacted? resolved the year's activities. Debating topics themselves were national, localized incidents, national military training, and the like.

This diversity of topics and the frequency with which individuals were allowed to participate in intercollegiate debates, enabled the society to fulfill its avowed objective to train men to organize research with the goal of stimulating thought, and to assist students in developing a facility of verbal expression.

The end of the year saw the induction of several debaters into the national honorary debating fraternity, Tau Kappa Alpha. This organization headed on campus

I. R. C.

CLUBS

by George Ruff and Charles Sangree, seeks to encourage the highest standards of scholarship, active participation in extra-curricular affairs, and the furtherance of strong and active debating societies.

In the past few years, a new consolidated group has sprung up on the Haverford campus, the Council for Student Action, incorporating into its membership such established bodies as the International Relations Club, and adding a host of alphabetical bands, CSA has boasted the largest aggregate membership on campus. While this claim is open to challenge, CSA undoubtedly covers a wider field of endeavor than any other group. Such groups as the SLID (Student League for Industrial Democracy), the American Veterans' Committee, Haverford Chapter, the Haverford Chapter of the United World Federalists, and the Students for Democratic Action, all are under the sponsorship of CSA. Added to the AVC, UWF, SDA, and SLID is the open Forum, which, as the name implies is a discussion group.

With this bewildering array of organizations, it becomes clear that the Council for Student Action is an organization that is dedicated to the political issues of the day. The club is under the general leadership of Al Sellers, although each individual club has its own group of officers. Perhaps the most active of the CSA fold is the IRC, which has weekly meetings, sometimes with Bryn Mawr or Swarthmore, at which outside speakers lecture on current international doings.

Closing out the long array of miscellaneous organizations on campus is perhaps the most worthy and most active group, the Inter-faith Organization. The IFO had its beginning in the Inter-faith Forum, which was founded by a group of students who felt the need for some form of religious expression other than that offered by the formal course of the college curriculum. A chapel was constructed in the basement of the Union, and for a time regular Sunday evening services were held, conducted by the students themselves.

Founders Hall

Faint, illegible text, possibly a page of a yearbook or newspaper, with some words like "The" and "and" visible.

Lloyd Hall

'49

The class of 1949 distinguished itself early last Spring with the winning of the Class Night award for the best show. Sparked by a high-stepping, smiling chorus of beef on the hoof, '49 made Roberts Hall rock and roll for the twenty minutes or so that it presented its contribution to the evening of merriment. The chorus that kept the crowd in hilarious laughter was notable in that it showcased the synchronized stepping of such will o' the wisps as Hal Whitcomb, Stan Greenwald, and Tom Hopkins. In addition, Dave Tolan provided the crowd with a few songs, aided by a vocal group, and the general may-

hem was arded to by the piano tuning antics of Joe Brownlee.

During the fall term, the Juniors distinguished themselves on the athletic fields, as can be found elsewhere in this book. There were no particular social undertakings on the part of the class, but plans were put into effect by class President Tom Hopkins to create a better Junior Prom for March. At this writing, the Prom is still in the future, so very little is known about it, save that the '49ers will strive to put on a wonderful weekend for all.

'50

The class of 1950 established itself as a group to be reckoned with soon after the hustle and bustle of mid-year exams were over last winter. With the onset of Class Night, the men of '50 displayed a wonderfully talented group of entertainers, plus a group of highly seasoned writers. While they did not win the award at the Class Night affair, everyone agreed that some of the funniest moments of the evening came in their show.

Members of '50 make up the backbone of many campus organizations. Not only is the **Record** staff largely composed of these men, but also such organizations as the Haverford

News, Cap and Bells, WHRC, and the various clubs. Members of '50 have been key men in many a field of athletic endeavor, too, notably the football and wrestling squads, and baseball, soccer, track, and basketball have many of the Sophomores on the team.

This fall, the Sophomore Dance was the major social event undertaken by the class of '50. No Sophomore Dance in recent memory has been such a great success. The decorations were one of the high spots of the affair, and much credit must be given Ned Pennypacker, the Class President, and his men for their excellent job in providing an entertaining time for all.

Coaches
Bill Docherty, Roy Randall

FOOTBALL

During the first week of September, some twenty or thirty hopefuls reported to Coaches Roy Randall and Bill Docherty to begin training for the 1947 football season, evoking a note of optimism from Head Coach Randall. Looking back now, the past season cannot be termed exceptional on the basis of wins and losses, but the team's superb victory in the traditional struggle with Swarthmore made it a great success.

The Scarlet and Black started off on the wrong foot by dropping their first two games, losing a thriller to the pass-minded Crusaders of Susquehanna University 20-18, and absorbing a disheartening 6-0 defeat in a listless contest with Urrinus College. Our running attack left nothing to be desired, but there was a definite need of sharpening the pass defense.

Returning to Walton Field, Haverford scored its first win by thumping the Drexel Dragons 33-6. Sharing in the scoring were Moose Amussen with two, Chuck Boteler, Al Hume, and Gerry

Players, reading counter-clockwise: Wright, center; Kimmich, S., guard; Whitcomb, end; Case, back; Rose, guard; Boteler, back; Fleming, tackle; Amussen, back;

Greenwald, tackle; Hume, end; Neuhaus, guard; Price, end; Billo, end; Garrison, back; Collier, end; Brewer, end.

Howe. Continuing their winning ways, the Scarlet and Black traveled south of the Mason-Dixon Line to trip previously unbeaten Randolph Macon 14-7.

Our brief winning streak was abruptly terminated by the powerful Cardinals of Wesleyan University 25-15, but we bounced back to defeat Hamilton College 12-0 on a field blanketed by four inches of snow. Co-Captain Boteler peeled off substantial yardage in each game.

Rain-soaked Walton Field failed to slow down a heavier John Hopkins eleven, and the Medics, operating the T-formation flawlessly despite the slick ball, inflicted a 40-13 defeat on the Scarlet and Black.

The Swarthmore game became a must; a win would make the season a definite success. Playing before a rain-dampened crowd on Swarthmore's Alumri Field, the Scarlet and Black covered themselves with glory by trouncing our old rival 13-0. Boteler led the attack by smashing over for both touchdowns, but every man was a veritable tiger of determination. Charlie

Rose, Frank Kennedy, and Bud Garrison were particularly outstanding.

The letter winners were: Ends Bob Price, Al Hume, Hal Whitcomb, and Reg Collier; Tackles Tom Fleming, Stan Greenwald, Puppy Dvorken, and Mal Lash; Guards Charlie Rose (Co-Captain), Bob Johnston, Daddy Neuhaus, Dewitt Montgomery, and Scotty Kimmich; Center Frank Kennedy; and Backs Chuck Boteler (Co-Captain), Bud Garrison, Moose Amussen, Homer Kimmich, Phil Maroney, Nate Zweifler, Ted Test, and Butch Case. Jake Wilcox, assisted by Jake Longacre, the very efficient managers. Doctor Leake Ragland again handled the job of trainer in his usual capable manner. Bob Johnston, a fine lineman all year, was elected captain for the 1948 season.

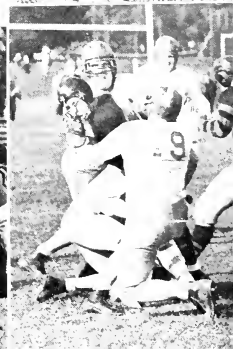

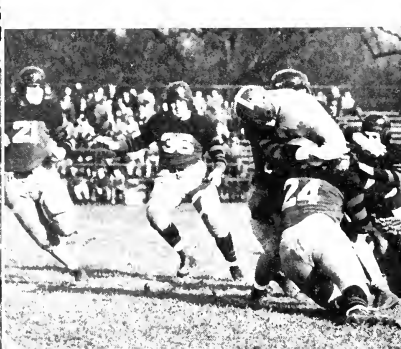

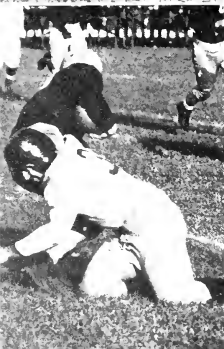

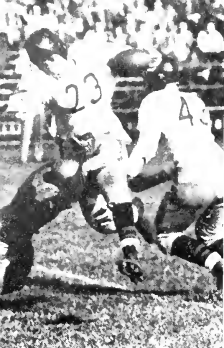

All due appreciation and congratulations should go to Coaches Roy Randall and Bill Docherty for a job well done. **The Record** speaks for the whole student body in wishing the coaches and Captain-Elect Johnston the best of luck for the coming year.

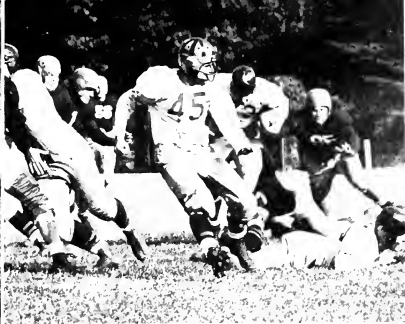

Players, reading clockwise: Bullock, end; Montgomery, tackle; Nason, guard; Strohl, guard; Dvorken, tackle; Maroney, back; Wilcox, manager; Zweifler, back;

Kennedy, center; Todd, back; Test, back; Kimmich, H. back; Johnston, guard; Miller, back; Lash, tackle; Howe, back

SOCCER

The '47 season saw Haverford's soccer team an ever-improving unit coached by popular Ed Redington, fight to three wins against five defeats and a tie. In his first year at Haverford since the war, Redington molded a team built around All-American Captain Evan Jones and Andy Lucine, second team '46 All-American. The high point of the season was a 6-1 shellacking of Ursinus, but the team lost 1-0 heart-breakers to Penn, Middle Atlantic Intercollegiate champs, and to Swarthmore, finishing fifth in the league. Special mention for the season's work is due Coach Redington, Captain Jones and Bob Harden, four-year manager. Eleven returning lettermen and the pick of the Jay Vee team should definitely make Haverford a championship contender in 1948.

Coach Ed Redington

Standing: Hand, Baldwin, mgrs., Wood, H., Wood, J., Kirk, Gerlach, Brawner, Doane, Brownlee
Rawnsley, Walnut, Harden, mgr.; Kneeling: Richie, Geoffroy, Lucine, Jones, captain, Reynolds, Penny-
packer, Rhoads, Redington, coach.

BASKETBALL

Basketball has undergone a great change during the 1947-1948 season. In the 1946-1947 season the Fords were able to bring home the proverbial bacon only once. The new coach, Bill Docherty, took over the reins of the quintet with the express purpose of returning a winning ball club to Hoverford. Coach Docherty's first move was to change the style of play to a fast-breaking, hard-driving attack that is so necessary in modern basketball.

The new mentor had a small nucleus of three newcomers from last year's squad. Frank Kennedy, a senior, returned to the fold with his highly aggressive shooting attack, and Tom Crollius, the captain-elect, appeared with his steady floor play and backboard work, while big Harold Whitcomb added his great height to the squad, although he was inactivated by sickness for several games.

Reading clockwise from the top: Kennedy and Betson; Jones; Tatnall; Sproule and Colman; C. Amussen; Tollin; Baker and Hopkins; D. Amussen. Center: Reynolds, manager; Docherty, Coach; Crollius, captain.

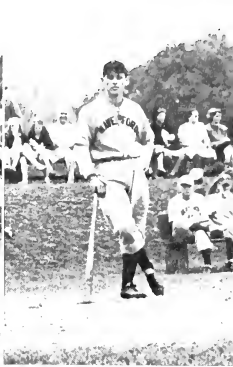

BASEBALL

Bottom row: White; Brewer; Matlack; P. Henkels; J. Henke's; Calhoun. Second row: Jackson; Wright; Lee; Wood; Heberton; Snader. Third row: Harvey, Mgr.; Sutor; Howe; Price; Hume; Hayes; Randall, Coach.

The spring of 1947 brought the first southern tour of a Haverford baseball team in history, a 5-day, 5-game swing through Virginia. Coach Roy Randall's ever-changing nine, hampered by lack of practice due to poor weather, lost to the Quantico Marines, 15-2, and to the University of Virginia, 19-9; dropped a double-header to the Jackets of Randolph Macon, '46 Virginia State Champions, 8-7 and 4-0; then whipped Norfolk Naval Base 3-1 behind Ted Wright. From there began the hard luck trail. Craig

Heberton lost 1-0 to Drexel in ten innings. Five more contests were dropped. The Fords then registered their second win of the year, beating P.M.C. in a 15-11 slugfest, as Heberton hurled 6 and Snader 3 innings on the mound. The Scarlet again beat P.M.C. in their second meeting in a 10-9 thriller, but dropped the season's final three games later to rival Swarthmore as Dick Esrey threw a five hitter over Heberton. The season's record: 3 won, 14 lost.

TRACK

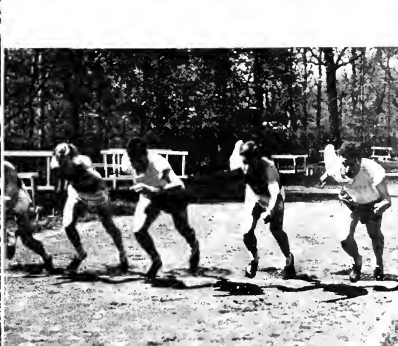

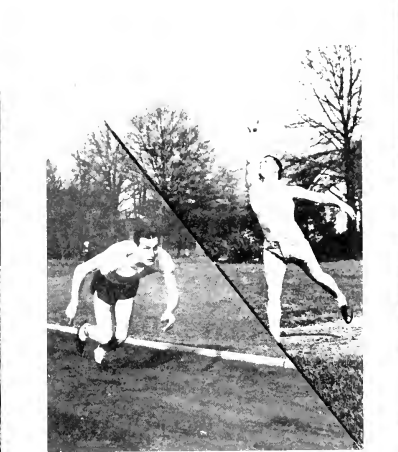

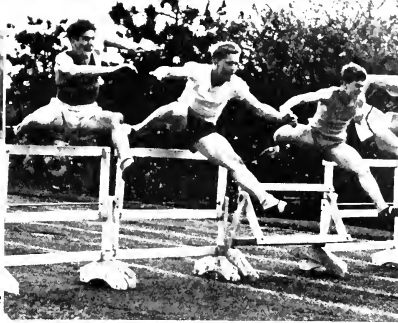

Coach "Pop" Haddleton

The 1947 track team, under the able leadership of Coach Alfred W. "Pop" Haddleton, and co-captained by Arthur E. Jones and James R. Grosholz, had a season marked by several outstanding individual performances and no wins. Jim Grosholz lowered the college records for the 880 and the mile runs to 1:53:1 and 4:20 respectively, set a new Middle Atlantic A.A.U. 1000 yard run record of 2:15:3, and took first in the 880 and second in the mile at the Middle Atlantics. Art Jones, expected to break the college record, was hampered by a football injury which he overcame well enough to be a consistent winner in shot-putter, placing second in the Middle Atlantics. Other lettermen were John Doane, Stan Greenwald, Evan Jones, Dewitt Montgomery, Dick Rankin, and Ray Swartley. Conrad Turner and Stuart Beck were the managers.

As the **Record** goes to press, "Pop" looks forward to an upgrade in the sport, and the prospects for the 1948 squad, led by Captain-Elect Grosholz, are good.

First row: Rose; Cole; Miller; Robertson; Velte; Jones, Co-Captain; Grosholz, Co-Captain; Shepard; Rudisill; Johnston; Kimmich. Second row: Martin; Swartley; Amussen; Ruff; Doane; Whitcomb. Back row: Turner, manager; Montgomery; Flint; Ragland, trainer; Tilley; Hill; Edgerton, W.; Barraza; Jones; Strohl; Brodhead; Carman; Smyth; Boger; Harper; Rankin; Haddleton, coach; Hopkins; Wingerd; Greenwald; Buckley; Beck, manager.

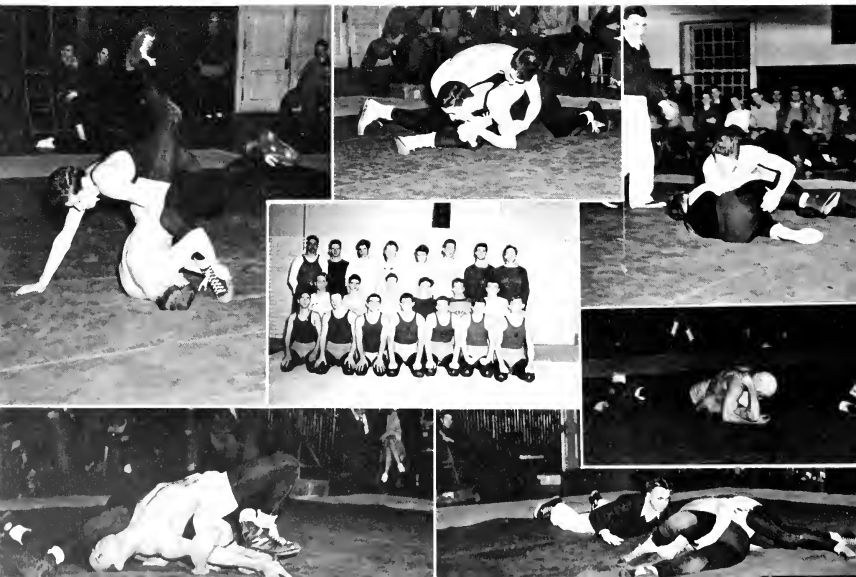

WRESTLING

Under the auspices of William Shihadeh, a former Haverford wrestling star, the 1947-1948 wrestling team began training early in November, with several veterans from last year as a nucleus.

Opening the season on December 12, the matmen lost to Delaware, 25-5. This was followed by a decisive defeat at the hands of a powerful Franklin and Marshall team. Following a 21-9 defeat at Johns Hopkins, highlighted by Phil Maroney's win over the previously undefeated

Hopkins captain, the matmen scored their first win, flattening Ursinus College, 26-10. As the **Record** goes to press, the team has still to meet Gettysburg, Rutgers, Muhlenberg, P.M.C., and Swarthmore.

The squad has been composed of: Dave Hastings, 121 lb.; Bill Matlack and Don Cole, 128 lb.; Clark Lightfoot, 136 lb.; Scotty Kimmich, 145 lb.; Bud Walker and Bruce Baer, 155 lb.; Baer and Homer Kimmich, 165 lb.; Phil Maroney, 175 lb.; and Bill Rodewald, heavyweight.

TENNIS

Last spring brought the best tennis team that Haverford has ever had—suffered only one regular season defeat in ten matches and was the undefeated champion of the Middle Atlantic Conference. This brilliant aggregation, expertly mentored by Coach Norm Bramall, included five freshmen out of the seven lettermen—and that speaks well for the years ahead.

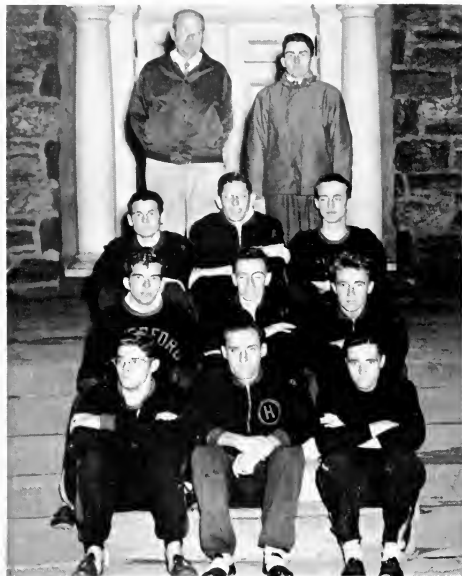

For a majority of the matches, lanky Jim Schnaars, back from the service and the championship of Panama, held down the number one spot. Freshman Diehl Mateer, number one Middle Atlantic States junior last year, was undefeated as second man. Schnaars and Mateer formed a formidable, winning combination at doubles, with a particularly notable defeat of Princeton's Vogt and Schock 20-18, 9-7. The Betson brothers, Bob and Wes, were consistent third and fourth men, and at doubles lived up to their reputation gained as national interscholastic doubles finalists. Tom Crolius and Jim Foster rounded out the well-balanced team, and usually played together at doubles. Captain Chick Shields, who was kept out of action by a chronic back injury, yielded his place to freshman Foster, who showed remarkable improvement during the year. Arch Jacob was manager.

The season started out in something less than a blaze of glory, a spring vacation trip to the South producing a rusty 2 wins and 3 losses against some tough outfits. But the boys returned to whitewash such teams as Lafayette, Drexel, Gettysburg, Temple, Moravian, Delaware, and Ursinus. A top-flight Princeton team vanquished the Scarlet 6-3, but Penn and Swarthmore's crack teams were overrun 6-1 and 8-1 by the Fords.

Left, top to bottom: Coach Bramall, Jim Schnaars, Diehl Mateer, Tom Crolius.

Right, top to bottom: Dick Betson, Bob Betson, Jim Foster, Arch Jacob, manager.

Bottom row: Cadwallader; Grosholz; Rankin. Second row: Carman; Rudisill; Smiley. Third row: Snipes; Hopkins; Prockop. Fourth row: Haddleton, coach; Reninger, mgr

The cross country team had only a fair season, winning two out of its six dual meets, despite Captain Jim Grosholz's outstanding work. However, the harriers were defeated decisively only once, by St. Josephs' powerhouse; none of the other three defeats was by more than three points.

Coached by A. W. "Pop" Haddleton, the distance men started by trouncing Drexel, 18-43. Then they bowed to a fast and durable St. Josephs' aggregation, 20-43. The real heart-breaking meet of the season was the one with Hopkins, which went to them 27 $\frac{1}{2}$ -28. The Scarlet then topped Lehigh, 25-30, but were repulsed by Swarthmore, 27-29. A defeat administered by C.C.N.Y., 27-30, topped off the season.

Lettermen were: Captain Grosholz, who placed first in all dual meets, Cadwallader, Rankin, Snipes, Smiley, and Reninger, manager.

CROSS-COUNTRY

Captain Jim Grosholz

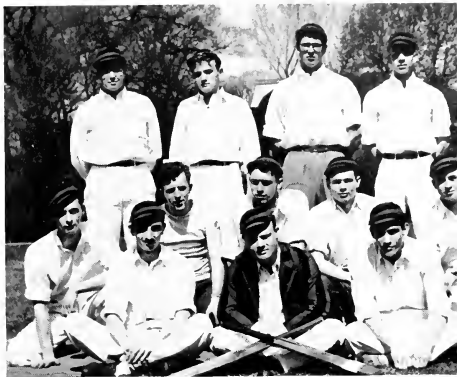

CRICKET

The age-old Haverford sport of cricket had its first post-war revival in the spring of 1947. While it has always been one of Haverford's unique sports, flagging interest and a small student body necessitated dropping cricket during the war years. Coached by that very able cricketer, Howard Comfort, the team had a very successful season last spring.

In the early stages of inter-collegiate competition, Haverford played a cricket match with Penn, won it, and earned the distinction of having started the whole field of inter-collegiate sports. Cricket teams from then on were one of our most avidly pursued activities. The first post-war squad was determined to maintain the record.

With a strong nucleus of such experienced cricketers as Arnie Post, Mal Lash, Elwyn Davies, and Evan Jones, Coach Comfort built up a powerful team that was sparked by the excellent bowling of Post, and the sensational all-around play of several promising cricketers, including Don Kindler, Ben Collins, and Paul Steere. The squad bowled over Ursinus in the only intercollegiate match, and won several matches with local clubs, losing only to the more experienced General Electric group and to a red-hot Jamaican outfit, for a fairly successful season.

Seated: Brownlee; Post; Jones. Kneeling: Steere; Kindler; Garrett; Hobart; Davies. Standing: Mathias; Collins; Lash; Johnson.

NAUTICAL CLUB

Seated: Todd; Rhue; Whitall. Standing: Higinbotham; Beeken; Boyd; Sener; Collier; Macintosh; Walker.

Last year was a rather mediocre season for the Nautical Club. This was the result of an unusual amount of difficulties and bad weather encountered while caulking and repairing the four Penguin dinghies. The month of practice that was missed was evident in the first three regattas. However, the expert skippering of Commodore Fred Rhue on his home course took first place for Haverford in a triangular meet with Georgetown and the University of Delaware. In the Middle Atlantic Championship regatta, won by Navy, the Fords finished seventh

in the fleet of ten colleges.

The Nautical Club, a charter member of the Intercollegiate Yacht Racing Association, uses the Corinthian Yacht Club at Essington on the Delaware River as its home port. Intercollegiate regattas are held every weekend of the spring and fall, with those colleges best situated and best equipped for a regatta acting as hosts. Haverford competes mainly at Annapolis, New York, and Boston, against such schools as Navy, M.I.T., Princeton, U. S. Maritime Academy, Cornell and Pennsylvania

FENCING

Sworded: Thorpe; Tolan; Rowe; Tuttle; Griffith; Todd. Standing: Gordon, coach; Kelly; Gebhardt; Freeman; Moran; Elliott; Richie.

In December of 1946, Coach Henri Gordon called the first practice for fencing enthusiasts since the sport was dropped five years before. Mr. Gordon, a Yaleman, originated fencing at Haverford in 1933, and until Pearl Harbor the squad enjoyed the second most successful record of the college, surpassed only by the track team.

The first post-war squad was made up largely of inexperienced but hard working men. The only two meets saw the Fords defeat Lehigh and drop a close decision to Temple. Most of the

men on that squad responded to the cry "En Garde" again this past season, and their year's experience was soon noticeable.

As the **Record** must go to press before the first meet with Princeton, which will be followed by bouts with Lehigh, Lafayette, Temple, and Drew, no scores can be given here. However, it is certain that Captain Dave Rowe, 1942 Philadelphia Interscholastic Foil Champion, and the rest of the squad, will all make a favorable showing.

GOLF

Tom Graff

Bill Rhoads

Haverford's varsity golf team, steadily improving as the season progressed, ended their schedule with some of the top district teams with a final record of three wins and five losses. The linksmen were captained by Corson Jones, beginning the season as an informal group without the services of an appointed coach.

Using the facilities of the Merion Cricket Club for home matches, the golfers throughout the spring turned in oftentimes brilliant individual cards so as to make the final season win-loss tally seem an inadequate illustration of the potential ability of the team.

The squad composed of Jones, captain-elect Bob Williams, Tom Graff, Bill Rhoads, Bill Mohn, Bob Shearer, John Hauser and Runcie Tatnall met a total of seven district teams, two contests having been rained-out.

Schedule

Princeton	April 10 (home)	Princeton, 9-0
Franklin and Marshall	(home)	
	April 16	Haverford, 5 1/2-3 1/2
Lafayette	April 18 (away)	Rain
Gettysburg	April 23 (home)	Haverford, 5-4
Rutgers	April 25 (away)	Rutgers, 5-4
Dickinson	April 30 (away)	Dickinson, 7-2
Temple	May 2 (away)	Temple, 6-3
Lehigh	May 6 (home)	Haverford, 5-4
Drexel	May 9 (home)	Rain
Swarthmore	May 16 (home)	Swarthmore, 7-2

CHEERLEADERS

Cheerleaders Curtis, Johnson, Moritz, Edmiston, and Hoskins.

One day early in the fall, Bob Lasday, who is of an inquisitive turn of mind, idly asked Bob Hoskins how the cheerleading squad was coming. To his surprise, nothing was coming. So these two veteran Haverford yellers put their heads together, called in Dick Johnson, and in short order put up notices requesting candidates. Seven men responded, and for two weeks they were given the inside information on the ways and means of leading cheers. The future screamers studied hard, they showed gratifying spirit, and they learned the cheers quickly. In the course of time, three were weeded out, and the four remaining were Rhinies. This gave the squad a firm basis for the next four years. The four chosen were Johnny Johnston, Bob Edmiston, John Moritz, and Nev Curtis. For lack of equipment and for balanced appearance, only six men cheered at a time, the new men alternating

each half.

Certain minor problems were encountered with stands who were reluctant to cheer during some of the games, but by subtle wheedling, they were usually cheering by the second half, led by the frantic work of the shouting cheerleaders, who were enjoying the time immensely.

Bob Hoskins, the captain of the group, did a wonderful job with the very difficult task of emceeing the pep-rallies. Especially capable was his job on the fireworks-bonfire extravaganza before the Swarthmore game.

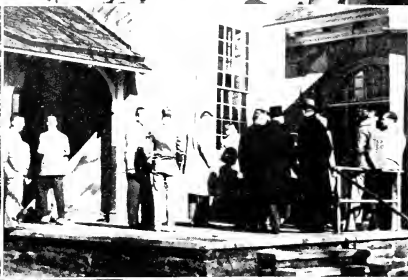

After a successful season the men of the squad congregated at that local cheer-leaders' hang-out, the Conestoga Mill. They had a quiet dinner, patted themselves on the back, and as the group passed on into the misty distances, a slightly raspy voice ushered out the season with a wavery "Rah!".

BY MASTER ENGINEERS

Autocar engineers are a restless lot. Never for one moment do they relax in their determination to see that Autocar Trucks are the finest heavy-duty trucks that brains can build and money can buy. That's why Autocars do America's heaviest hauling with less trouble and lower costs. That's why the trend is to heavy-duty Autocars . . . Autocar Trucks cost more *because they're worth more.*
